Statement of Interest

Since 2006, I have worked to support mission of LAUC-SB, serving in different capacities. I would like to offer my services to LAUC-Systemwide. We are working in one of the most exciting times in the history of librarianship. Our LAUC President, Executive Board and all the members will need to address opportunities that come with online courses, shared service models, scholarly communication, and much, much more. The secretary supports many of the major functions of LAUC and ensures that the Executive Board is able to work effectively. I can do this well and promise to do my best.

Thank you for your considering my candidacy in this election.
